# The Mananais Store The New Straw Mattings,

NEW TORK

From China and Japan, Have Arrived

T'S only a short look ahead now to the Summer-time wants, and among them the clean, cool, handsome straw mattings that have evolved themselves from centuries of hot-weather life in the far East.

Our Chinese and Japanese mattings have arrived. They deserve more than a sentence. In the first place there are probably more of them than you have ever seen in any one store at one time. Again, if they are not the best to be found, our Orientalist is at fault, for almost every yard of these was, through him, made to our own order, and has passed our own rigid inspection. The inspection rejects twenty per cent. of the rolls offered. We accept only perfect goods. Somebody gets and sells the rejected goods,-we do not.

Another thing,—these are new and fresh and clean. They left their maker's hands direct for the steamer, and the steamer direct for our floors. There has been no long voyaging in sailing vessels, no long storage, no long waiting for customers. They have not had the usual year, or two years, or even three years, between maker and user in which to accumulate dust and bacteria.

Japanese Mattings, \$6 to \$25 a Roll of 40 Yards. Chinese Mattings, \$8 to \$18 a Roll of 40 Yards.
